

EMOTIONAL AND SPIRITUAL NEEDS

ABOUT THIS COURSE

There are numerous on-going support and counselling needs required by those infected and affected by HIV and AIDS, and emotional and spiritual needs may be the first that have to be addressed. This course explores these needs and how you, as a counsellor, should address them.

DURATION

You will have access to this course for 1 week from your start date, with an additional week to complete your logbook and workplace attendance register.
